Hearing and Vision Screening and Safety

Moore Medical LLC can help to keep your employees’ eyes and ears safety a priority — with a variety of vision and hearing protection, screening, and treatment products.

**VISION**

Work-related **eye injuries** blind thousands of people each year which could have been prevented with the proper selection and use of eye and face protection. Eye injuries alone cost more than $300 million per year in lost production time, medical expenses, and worker compensation.

**HEARING**

Noise-related **hearing loss** has been listed as one of the most prevalent occupational health concerns in the U.S. for more than 25 years. Every year, approximately 30 million people in the U.S. are occupationally exposed to hazardous noise. Thousands of workers every year suffer from preventable hearing loss due to high workplace noise levels.

May is Healthy Vision Month!

Did you know that people with vision problems are more likely than those with good vision to have diabetes, poor hearing, heart problems, high blood pressure, lower back pain and strokes, as well as have increased risk for falls, injury and depression? It’s a great time to bring awareness to your organization on this important health topic.

**Faucet Company**

**Portable Gravity Fed Eyewash**

Ideal for remote locations. Using gravity to supply a continuous flow of clean water to injured personnel for a full 15 minutes at .4 gpm (1.5 L), this model is a reliable source for safety. Recognizing the 7500's full patterned flushing feature, those working in remote areas can’t help but to feel confident with this piece of emergency equipment day after day. Certified by CSA to meet the ANSI Z358.1 Standard for Emergency Eyewash and Shower Equipment.

- Featuring a FDA-approved high-density green polyethylene tank easily activated by pulling the yellow activation arm down to the open position
- A wide-fill opening with threaded cap permits easy inspection, cleaning and filling
- Relocation is simple due to the easily mounted (bracket included) and light design of this 16 gallon (60.6 L) portable
- Measurements: 22-1/2" H, 21-1/2" W, 19-1/2" D
